<p><b>Key:</b>  Number = Supported the pro-growth position. The number indicates the points earned for that vote or action.  A = Did not vote.  P = Voted "Present."  "-" = Voted against the pro-growth position.  IE = Ineligible to vote.</p>	<p><b>Calculation:</b>  Points are tallied for all actions rated where the member was present and voting or otherwise could have taken an action. After points are totaled, they are divided by the potential points a member could have earned by supporting the pro-growth position.</p>

**Key:**  
Number = Supported the pro-growth position.  
The number indicates the points earned for that vote or action.  
A = Did not vote.  
P = Voted "Present."  
"- " = Voted against the pro-growth position.  
IE = Ineligible to vote.

**Calculation:**  
Points are tallied for all actions rated where the member was present and voting or otherwise could have taken an action. After points are totaled, they are divided by the potential points a member could have earned by supporting the pro-growth position.
