Key:

Number = Supported the pro-growth position. The number indicates the points earned for that vote or action.

A = Did not vote.

"-" = Voted against the pro-growth position.

I = Ineligible to vote.

Calculation:

Points are tallied for all actions rated where the member was present and voting or otherwise could have taken an action (such as signing a letter or pledge). After points are totaled, they are divided by the potential points a member could have earned by supporting the pro-growth position.

Members who cast votes contrary to letters or pledges they signed were not given credit for signing the original letter or pledge.
